BOOSTER'S CLUB

Wauseon Business Men Meet in Regular Monthly Conference—No Disposition to Abandon This Organization—Joint Meeting With County Grange—Change in Officers.

A fair representation of the business men of Wauseon gathered in the T. & I. Hall last Monday evening for the regular monthly meeting of the Boosters Club. It was quite evident that there is no disposition on the part of the business men of the town to let this organization go to pieces. There are good reasons why it should not go to pieces; there has never been an organization in Wauseon that has brought the business men and citizens so thoroughly together in co-operative effort for the common good and there are many things that have been accomplished for the progress and welfare of the community as well as many more that may be accomplished, through this organization as the medium.

Vice President Howe called the meeting to order and the minutes of the last meeting were read and approved. The matter of the joint meeting of the Boosters Club and the County Grange was brought up for discussion. The Grange will hold their private session in the forenoon and the joint meeting in the afternoon, in which both Grange members and Boosters Club members will appear on the program. The tentative plan for the day as it stands at present, is that the Grange will meet in the forenoon at T. & I. Hall and the joint meeting will be held in the afternoon in the High School Auditorium. The Boosters Club suggest that the meeting be held on Friday rather than on Saturday this suggestion is referred to the Grange.

The Boosters Club will entertain the Grange members at luncheon on the day of the meeting. Motion prevailed that the chair appoint a committee of three to have general charge of arrangements for the joint meeting with the Grange.

The Municipal Christmas Tree for 1916 was another matter that was pretty thoroughly discussed and a committee consisting of Superintendent M. L. Altstetter, Messrs. Chas. Jordan and Sam Ruppert, was appointed to co-operate with the Civic Club in arranging for Wauseon's Tree. Mr. Clyde Wager who has been acting as secretary of the club, resigned his office as First Vice President, the resignation was accepted and the President F. R. Guilford appointed Mr. Wager as secretary and F. E. Kenyon to act as First Vice President in place of Mr. Wager. The next regular meeting of the Club will come on the second Monday in November.

BACKUS-NOVY.

On Saturday evening at five o'clock Mr. Robert L. Novy and Miss Elsie L. Backus were united in marriage. The ceremony was held at the home of the bride's uncle H. H. Double near Wauseon. Rev. J. A. Wharton pastor of the Wauseon Christian church officiated, using the ring ceremony. On account of the illness of the bride's mother the wedding was a quiet affair. The groom is a son of Dr. Frederick G. Novy, bacteriologist in the University at Ann Arbor. The bride is well known in this county. Both are pursuing medical courses in the University at Ann Arbor. They left for Ann Arbor-Saturday evening, and will make their home in that city. The good wishes of all who know them is extended to them as they begin life's journey together.

KUNTZ-RICE.

On last Thursday October 5th Mr. Frank Rice of Archbold and Miss Sadie Kuntz of near Wauseon were joined in marriage. The officiating minister was Rev. J. A. Wharton, and the vows were taken at the Christian Church parsonage. The bride is a farm near Archbold. The good wishes of their friends go with them on life's journey.

ADAMSON BILL

Class Legislation Demanded by a President—Doubtful Gains For Brotherhoods—Rights of Railroad Property.

From October Review of Reviews (Non-Partisan)

In the case of the Anthracite Coal Strike, President Roosevelt stood firmly for arbitration as against the law of the part of the companies, and he carried his point. In this case President Wilson had the opportunity to show equal firmness in standing for arbitration when the arrogance was on the other side. In our judgment, such a stand would have strengthened him, not only with the general public but with organized labor itself. The thing that President Wilson decided to do was to go to Congress and demand the enactment of a law for the benefit of one particular set of men engaged in a private calling, under the threat on their part that they would strike on Monday, the 4th, if the law were not passed and signed before that date. The bill, accordingly, was rushed through the House on the 1st of September, through the Senate on the 2nd, and signed by the President on the 3rd. In effect, it declares that railway trainmen are to be paid on the basis of an eight-hour day. The law does not go into effect until January 1. Section 2 of the act authorizes the President to appoint a commission of three, to observe the workings of the act for six months or nine months after.

SPLENDID WORK

Civic Improvement Committee of the Civic Club Make Report of Season's Work—Much Accomplished in Beautification of Village.

At a meeting of the Civic Club held last Monday evening the work of the Civic Improvement Committee for the season was presented and the showing made is certainly reason for congratulations to the members of this committee and to the Civic Club. The committee have placed a bed of geraniums in front of the library, planted masses of permanent shrubs at the four corners of South Park, placed six iron lawn seats in the park and conducted a very successful improvement contest which has resulted in the beautification of residence properties in all parts of the town and by means of the premiums awarded will go far toward adding to the permanent attractive appearance of the lawns about town. The premiums given were shrubs and bulbs which were planted and cared for by the recipients will of course improve the appearance of the lawns where they are placed each season.

These premiums which have now been distributed to the winners consist of 400 tulips, 100 crocus, 3 dozen daffodils, 5 dozen narcissus, 3 spirea, 6 peonies, 6 hydrangeas and 21 hardy lillies.

A donation of tulip bulbs has been made in front of the library has been made by friends in this work.

Not only the winners in this season's contest, but many others, some who did not enter the contest at all are to be commended for the earnest effort and hard work expended in doing their share toward making Wauseon the cleanest, neatest and most beautiful town of its size in Northwest Ohio.

The committee expended in the season's work the sum of \$51.75; of this amount all but \$15.25 was raised by the committee themselves with the co-operation of Mr. Walter Caddell, manager of the Princess Theatre.

Two first class picture shows with special numbers by local talent were given and the committee had the co-operation in giving these entertainments of the talent referred to in the Camp Fire Girls and Boy Scouts in selling tickets and distributing advertising matter, and the citizens of the town generally in patronizing the entertainments; the committee of judges headed by Mr. H. H. Williams Jr. are not forgotten as giving important service. In fact it has been a co-operative affair in which all might participate, under the guidance of the Civic Improvement Committee who do the highest commendations for their splendid work.

The \$15.25 referred to in the foregoing was contributed to the work by the Woman's Club and the Civic Club.

CHESTERFIELD CENTRALIZED SCHOOL

People Who are Proud of Their School and Will Co-operate To Make It a Community Center—Total First Day Enrollment 242

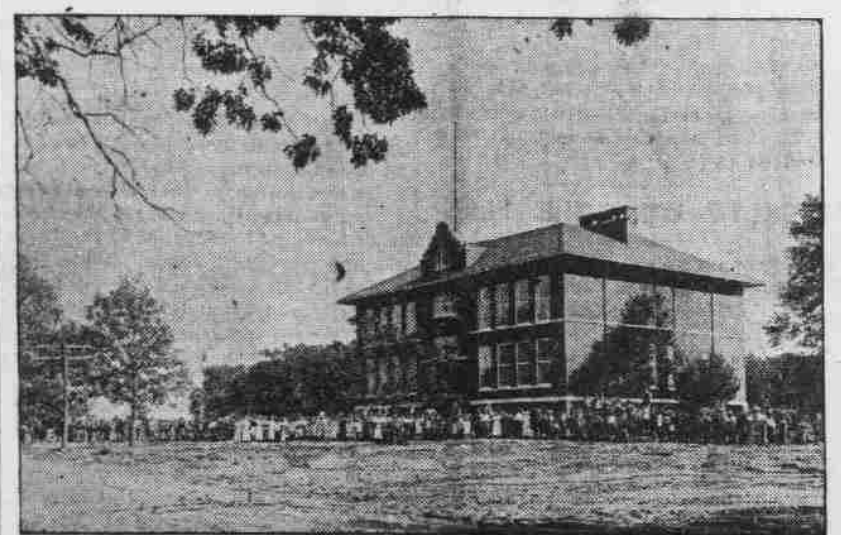

Last Thursday was red letter day in the educational affairs of Chesterfield township. The Township Board of Education, composed of W. E. Patterson, President, Edgar Russell, Hart Shambarger, O. G. Donovan and E. B. Beatty and the Clerk G. M. Lee have been working hard and long overcoming many obstacles, to bring the new centralized building to completion. At their suggestion word was passed among the patrons of the school that a "bee" for grading the yard be held Thursday October 5th.

That this met with the approval of

that everything moved off with the least possible friction. This year the High School is offering work in the Freshman year only. The enrollment the first day was 35 in the high school and 209 in the grades.

The patrons are justly proud of their school plant. It is a modern building in every way, thus insuring the very best sanitary and hygienic conditions that go to make up a good school are there. Nine large school wagons are used to convey the pupils to and from the school.

It is the aim of the County and

CHESTERFIELD CENTRALIZED SCHOOL BUILDING

every one is shown by the accompanying picture. Thirty-five or more teams were there for work and many willing hands were there with shovels to put on the finishing touches. Dinner was served to more than one hundred in the boys play room by the ladies and a most enjoyable time was had by all. It gave the patrons a good opportunity to look over their plant, and words of warmest praise were heard on every hand for the work of the Board of Education.

School opened there last Monday and so far every thing is going well.

Work was planned and marked out

Sweet be the rest dear father, After the toils of life, Naught can disturb thy slumbers No pain, no care, nor strife, So many years have passed Since first the light of day Dawned bright upon thine infancy And cheered thee all the way No more canst thou be with us, But we will love thee still, And bow in meek submission To our kind father's will.

E. J. Beebe was surprised to see friends and relatives coming with well filled baskets in honor of his sixteenth birthday. Those present were Mr. and Mrs. Isiah McConkey, Mr. and Mrs. M. W. McConkey and son Ralph; Mr. and Mrs. J. M. Miley, Mr. and Mrs. Ralph Miley and sons Robert and Joseph; Mr. and Mrs. Cleo Beebe, Mr. and Mrs. L. J. Loveland and Miss Truss Loveland. But shortly the groaning was from a different source and then the lamenting that we must cease to relieve the table of its load. For unavoidable reasons the surprise was postponed which made the occasion all the more enjoyable.
